

# Clear Track Fibre Pathway Accessory Hallway Fiber pathway, 125 ft

CORNING

**Part Number:**  
**80611622780**

Clear Track Fiber Pathway enables an easy to install pathway routing and components for fibre installations in buildings. The Clear Track solution provides aesthetic, reliable, and fast installations in challenging SFU and MDU applications.

Simple, handy tools helps speed the process. So one person can install Clear Track in hours, not days. The optional Clear Track Cover provides additional durability with virtual invisibility.

With the Clear Track fibre optic installation tool, the Clear Fiber fiber optic or indoor cable can be easily installed in the fibre optic duct. The flexible, continuous channel can be easily installed around all corners and on curved or irregular surfaces without accessories or corner elements. The unique locking mechanism and flexible adhesive surface provide optimum protection for the fiber optic cable.

## Features and Benefits

**Listed OFC-LS and CSA OFC FT4-ST1; IEC 60332-3, IEC 61034 and IEC 60754-2**

Meets burn test criteria

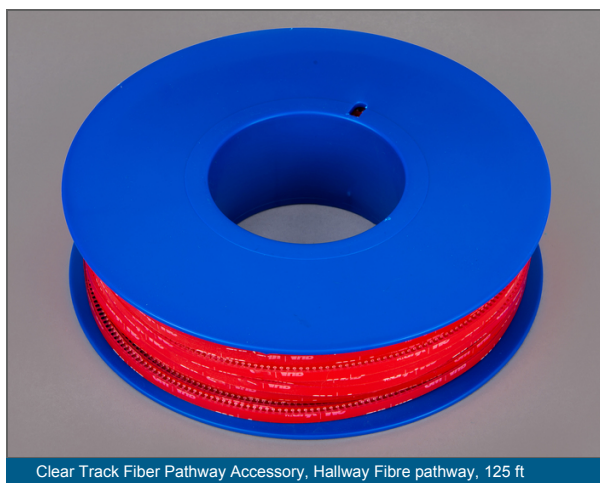

---

Proprietary, clear adhesive backing

---

**Attenuator incorporated inside standard SC adapter housings**

Compatible with standard distribution panels

Clear Track Fiber Pathway Accessory, Hallway Fibre pathway, 125 ft

# Clear Track Fibre Pathway Accessory Hallway Fiber pathway, 125 ft

## Specifications

Standards	
RoHS	Free of hazardous substances according to RoHS 2011/65/EU
