A Mesh-Enhanced WiFi System

## WiFi 6 Benefits

### Next-Generation WiFi

**4X MORE  
CAPACITY**  
To handle more devices

**Up to 40% FASTER  
THROUGHPUT**

**INCREASED BATTERY LIFE  
OF DEVICES**

**Up to 50% INCREASED  
COVERAGE**

## Specifications

### Hardware

- RJ-45 X 1 for 2.5GEWAN
- Reset button X 1
- WPS button X 1
- Single Band Internal Antenna X 4
- Dual Band Internal Antenna X 4
- Power Switch X 1

### WLAN

- AX4200 PHY Rate
  - 5GHz: Up to 3000Mbps
  - 2.4GHz: Up to 1200Mbps
- Up to 500mW TX Power

### Management

- TR-069 Support

### Environment Conditions

- Operating temperature
  - 32°F ~104°F (0°C ~40°C)
- Operating humidity
  - 10%~90% non-condensing
- Storage Temperature
  - -23°F ~149°F (-25°C ~65°C)
- Storage Humidity
  - 5%~90% non-condensing
