## NEW Splice on Connectors

SC/APC	SC/UPC	LC/APC	LC/UPC
			
SC/PC OM1	SC/PC OM4	LC/PC OM1	LC/PC OM4
			

Tempo Communications recently released the Splice on Connector (SOC). The SOC can terminate fiber in FTT(x), LAN, and P2P networks with SC and LC termini. The Tempo SOC is usable in any manufacturer's fusion splicer, it doesn't require any specialized adapters, and it doesn't call for any additional training if the technician already knows how to fusion splice. The SOC can also be reused up to three times, drastically reducing connector loss.

## Quick & Easy! Drop Cable Video Tutorial

**HOW TO:**  
**Prepare & Strip a Drop Cable**

Strip Foam Wire Off Cable Drop

### Watch Video

It can be tough to strip drop cables and gain access to the fiber optic cable for termination in a demarcation box, but it doesn't have to be! Here is Superior Essex's Ron Stanko reviewing the TCDCS to remove the outer sheath of an 8.1mm drop cable.
